

NO SHAVE FOR THE BRAVE

Sponsorship Opportunities

Join the West Virginia Child Advocacy Network this November for the 2nd Annual No Shave for the Brave -- a statewide fundraiser where law enforcement (and anyone else!) across West Virginia will grow out their beards for a good cause! No Shave for the Brave will celebrate supporters and their contributions to Child Advocacy Centers (CACs).

Stubble -- \$50

You don't feel like shaving for a few days. The short stubble style of beard is arguably one of the simplest ones around. *Sponsorship includes a shout out on social media.*

Stache -- \$100

For the man who really wants to make an impression with his facial hair, a mustache is it. *Sponsorship includes a shout out on social media, as well as the WVCAN monthly newsletter distributed to over 1,000 supporters.*

Goatee -- \$250

You can't decide, so you meet halfway. A goatee is a type of beard worn on the chin, much like a Billy Goat's beard. *Sponsorship includes a shout out on social media, a mention in the WVCAN monthly newsletter, as well as a listing on the fundraiser website.*

Mutton Chops -- \$500

The Mutton chops style of beard is actually a term for longer sideburns that extend down to the corners of the mouth. Fancy! *Sponsorship includes a shout out on social media, a mention in the WVCAN monthly newsletter, and your company's logo on the fundraiser website.*

Mountain Man -- \$1,000

For the man that wants to go carefree and hasn't seen a razor in years, he resembles a West Virginia mountain man. *Sponsorship includes a shout out on social media, a mention in the WVCAN monthly newsletter as well as the WVCAN Annual Report, your company's logo on the fundraiser website, and your logo displayed on the fundraiser posters distributed throughout West Virginia promoting the event. (Deadline of Oct. 1 for logo on poster.)*

Statewide Fundraiser

WHAT A CHILD ADVOCACY CENTER DOES:

A CAC is a child-friendly facility with staff that works to provide children and families professional, compassionate care in order to reduce the trauma often experienced by children that are victims of abuse. Rather than having a child taken from agency to agency to endure multiple interviews, the CAC model brings the system to the child for an effective, child-centered, healing process. The CAC works within a multidisciplinary model that includes child protection, law enforcement and other treatment professionals with the goal of holding offenders accountable and facilitating healing for the child. Families are served regardless of their ability to pay.

WHAT WVCAN DOES:

WVCAN provides statewide leadership in the fight against child abuse while working side-by-side with the 21 Child Advocacy Centers throughout the state. WVCAN is the voice of local CACs in public policy debates. We educate lawmakers, bringing issues of national importance and local impact to their attention. We keep our member Centers informed about trends and best practices that help minimize trauma for abused children, break the cycle of abuse, and hold offenders accountable.

Last year, WV CACs served nearly 4,500 children - a 55% increase in the last 5 years

58% of cases were allegations of sexual abuse

99% of alleged offenders were someone the child knows
