Purpose

This guide shows the relationships between the Office for Victims of Crime Victim Assistance Formula Grant Program Performance Measures Subgrantee Data Report (SDR). We will be addressing each of the 15 questions outlined in the SDR, referencing the questions by their designation as shown in the OVC PMT Subgrantee Data Report - June 2017.pdf, available on the OVC website. For each question, the data location in Collaborate will be shown via screen shot of the Collaborate software as if editing the data requested. In the situation where there may be multiple selections in Collaborate that could be aggregated into a specific category on the SDR, the data mapping will be shown.

Reporting Periods

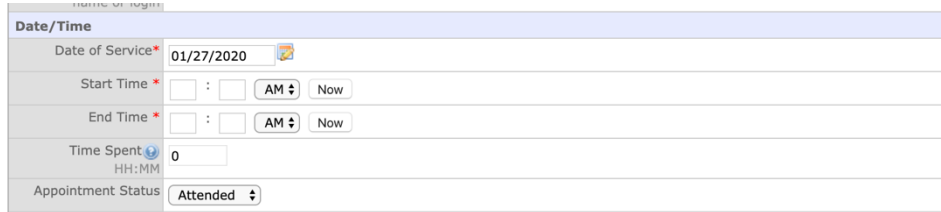

The SDR report is tied to the Federal Fiscal year, beginning on October 1 and continuing through September 30 of the following calendar year.

The SDR is submitted quarterly according to the schedule shown below:

Quarter Designation	Date Range	Report Due No Later Than
Quarter 1 (Q1)	October 1 - December 31	January 15
Quarter 2 (Q2)	January 1 - March 31	April 15
Quarter 3 (Q3)	April 1 - June 30	July 15
Quarter 4 (Q4)	July 1 - September 30	October 15

Question 1 Total Number of individuals who received services during the reporting period

The count of new individuals is determined by the number of persons with a case type of “Client” or “Associated Person” who had an attended service in the reporting period.

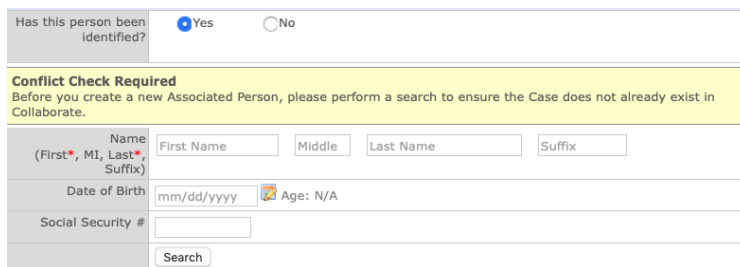

Date/Time	
Date of Service *	01/27/2020
Start Time *	: AM Now
End Time *	: AM Now
Time Spent HH:MM	0
Appointment Status	Attended

The image above shows example fields from a service in Collaborate. Notice the Date of Service field must be in the reporting period in question and that the “Appointment Status” field must have the value of “Attended”. No other values for the “Appointment Status” will result in a person being counted as an individual served.

Question 2 Total number of anonymous contacts received during the reporting period

The count of anonymous contacts received during the reporting period is determined by the number of individuals which a case type of “Client” or “Associated Person” where the “Has this person been identified?” field in the case creation process has been indicated as “No”.

Below is an image of the “Has this person been identified?” field from the case creation process for a new Associated Person case type. Note that when the “Has this person been identified?” field has a response of “Yes”, then the user can enter information about the person - like name and birthdate information.

Has this person been identified? Yes No

Conflict Check Required
Before you create a new Associated Person, please perform a search to ensure the Case does not already exist in Collaborate.

Name (First*, MI, Last*, Suffix)
First Name Middle Last Name Suffix

Date of Birth mm/dd/yyyy Age: N/A

Social Security #

Search

If the person has contacted the center anonymously, we would choose the “No” response for the field “Has this person been identified?” as shown below. Notice that this selection removes the data capture for several fields.

Has this person been identified? Yes No

Continue »

Cases where the person has not been identified are displayed on the cases module as:

19-0002011	Unidentified Client	Client
----------------------------	-------------------------------------	--------

If you open the case for inspection, you will see the following information on the Demographic Information module:

Demographic Information	Allegations/Reported Abuse	Family Members, Custody	MDIT, Client History
Behavior Changes, Mental Health	Insurance, Medical Information	Associated Relationships	
Demographic Information			
Intake Date	01/22/2020		
Has this person been identified?	Yes		

Question 3 New individuals who received services for the first time

The count of new individuals is determined by the number of persons with a case type of “Client” or “Associated Person” who had an attended service in the reporting period and this is the first reporting period in the fiscal year where the person received a service regarding the allegation set in question.

If someone has a new case during the reporting period and received a service, they would be counted as a new individual.

If someone is an individual who received services in a previous fiscal year and then received services for the first time this fiscal year during this reporting period, then the client would be a new client for this reporting period.

Question 4 If your organization cannot track new individuals

This question asks you to indicate if you cannot distinguish “new” individuals from “continuing” or “old” individuals. Collaborate does allow us to distinguish between these categories, therefore you will NOT select the checkbox for “We cannot track new individuals” checkbox.

Question 5A Demographics Race/Ethnicity

The count of an individual’s race is determined by the person’s “Race/Ethnicity” value for cases of type “Client” or “Associated Person” who have received an attended service during the reporting period specified. The field “Race/Ethnicity”, as shown below, is displayed on the “Intake Information” Module.

Race / Ethnicity*	Asian
-------------------	-------

Values for the “Race/Ethnicity” selections in Collaborate are mapped to appropriate categories on the SRD as shown in the table below.

VOCA Races	Races in Collaborate
American Indian/Alaska Native	American Indian
Asian	Asian or Pacific Islander
Black/African American	Black or African American
Hispanic or Latino	Hispanic or Latino
Multiple Races	Multiple Races
Some Other Race	Other
Not Reported	Unknown
White Non-Latino/Caucasian	White

The total of the values of all race/ethnicity categories given above should exactly equal the total of New Individuals served as described in Question 3, above.

Question 5B Demographics Gender Identity

The count of an individual’s Gender Identity is determined by the person’s “Gender Identity” value for cases of type “Client” or “Associated Person” who have received an attended service during the reporting period specified. The field “Gender Identity”, as shown below, is displayed on the “Intake Information” Module.

A screenshot of a software interface showing a dropdown menu for "Gender Identity". The menu is open, and "Genderqueer" is selected. Other options are not visible.

Values for the “Gender Identity” selections in Collaborate are mapped to appropriate categories on the SRD as shown in the table below.

VOCA Gender Identity	Gender Identity in Collaborate
Female	Female
Other	Genderqueer
Male	Male
Other	Other
Other	Gender Non-Conforming
Male	Transgender: Female to Male
Female	Transgender: Male to Female
Not Reported	Unknown

The total of the values of all gender identity categories given above should exactly equal the total of New Individuals served as described in Question 3, above.

Question 5C. Age

The count of an individual's Age is determined by the person's age at intake value for cases of type "Client" or "Associated Person" who have received an attended service during the reporting period specified.

If a person's "DOB Status" has the value of "Known", as shown below, then the user must indicate the birthdate of the individual in the "Date of Birth" field. Collaborate uses the date of intake to calculate the client's Age at time of intake. This value will be reported in the appropriate age category for the SRD.

DOB Status	Known
Date of Birth*	05/07/2008  Age: 11

If a person's "DOB Status" has the value of "Unknown", as shown below, then the user may enter an approximate age in the "Approximate Age at Intake" field. This value will be reported in the appropriate age category for the SRD. If the value of "Approximate Age at Intake" is blank, then the persons age will be reported as "Not Reported".

DOB Status	Unknown
Approximate Age at Intake	11

All individuals with a DOB status of "Refused", as shown below, will be reported in the category of "Not Reported".

DOB Status	Refused
------------	---------

Values for the age selections in Collaborate are mapped to appropriate categories on the SRD as shown in the table below.

VOCA Age Category
0-12
13-17
18-24
25-59
60 and Older
Not Reported
Not Tracked

The total number of individuals with an age category of “Not Tracked” should be 0.

The total of the values of all age categories given above should exactly equal the total of New Individuals served as described in Question 3, above.

Question 6A Victimization Type

The count of Victimization Type is derived by counting the number of allegations for each case type of “Client” that received an attended service in the reporting period. Values for the “VOCA Victimization Types” field are mapped to SDR fields as shown in the table below. The total number of reported victimization types may be greater than the total number of individuals served during the reporting period.

VOCA Victimization Types	Victimization Type in Collaborate
Adult Physical Assault (includes Aggravated and Simple Assault)	Adult Physical Assault (Includes Aggravated and Simple Assault)/Abuse
Adult Sexual Assault	Adult Sexual Assault
Adults Sexually Abused/Assaulted as Children	Adults Sexually Abused/Assaulted as Children
Arson	Arson
Bullying (Verbal, Cyber, or Physical)	Bullying (Verbal, Cyber, or Physical)
Burglary	Burglary
Child Physical Abuse or Neglect	Child Physical Abuse or Neglect
Unmapped	Child Pornography
Child Sexual Abuse/Assault	Child Sexual Abuse/Assault
Human Trafficking: Sex	Commercial Sexual Exploitation of Children (CSEC)
Child Pornography	Depiction in Pornography

VOCA Victimization Types	Victimization Type in Collaborate
Domestic and/or Family Violence	Domestic and/or Family Violence
Other	Drug-Exposed Child (DEC)
DUI/DWI Incidents	DUI/DWI Incidents
Elder Abuse or Neglect	Elder Abuse or Neglect
Child Sexual Abuse/Assault	Exposure to Pornography
Hate Crime: Racial/Religious/Gender/Sexual Orientation/Other	Hate Crime: Racial/Religious/Gender/ Sexual Orientation/Other
Human Trafficking: Labor	Human Trafficking: Labor
Unmapped	Human Trafficking: Sex
Identity Theft/Fraud/Financial Crime	Identity Theft/Fraud/Financial Crime
Kidnapping (custodial)	Kidnapping (custodial)
Kidnapping (noncustodial)	Kidnapping (non-custodial)
Mass Violence (Domestic/International)	Mass Violence (Domestic/International)
Other	Child Fatality
Child Physical Abuse or Neglect	Child Neglect
Other	Other Abuse
Other Vehicular Victimization	Other Vehicular Victimization (e.g., Hit and Run)
Unmapped	Physical Abuse
Robbery	Robbery
Unmapped	Screening
Unmapped	Screening - YPSB
Human Trafficking: Sex	Sexual Exploitation
Stalking/Harassment	Stalking/Harassment
Survivors of Homicide Victims	Survivors of Homicide Victims
Teen Dating Victimization	Teen Dating Victimization
Terrorism (Domestic/International)	Terrorism (Domestic/International)
Unmapped	Unknown
Stalking/Harassment	Endangered due to Violation of a Court (Protective) Order
Other	Witness Other Violence
Domestic and/or Family Violence	Witness to Domestic Violence

VOCA Victimization Types	Victimization Type in Collaborate
Other	Witness to Murder
Other	Witness to Physical Abuse
Other	Witness to Sexual Abuse

The image below shows the Allegations selection area. The value selected for the list selection field Allegation is used to determine the VOCA Victimization type reported. The “Incident County” field is used to break the counts of victims into counts by county. If a client has multiple allegations for the same county, the client is counted one time regardless of the number of allegations. If a client has allegations that occurred in multiple Incident Counties, then the client will be counted 1 time for each Incident County Value.

Allegations	
Primary Allegation?*	<input type="radio"/> Yes <input checked="" type="radio"/> No
Allegation	Child Sexual Abuse/Assault
	Hide Allegation Details
Did Client Disclose Allegation?	<input type="radio"/> Yes <input type="radio"/> No
First Disclosed To	<input type="text"/>
Incident Date	<input type="text"/>
Incident County	Nicholas [Remove] <input type="text"/>

Question 6B Multiple Victimizations

The count of individuals with multiple victimization types is derived from counting the number of people with case type “Client” or “Associated Person” who have a service recorded as attended in the reporting period where there is more than one “Allegations” entered on the Allegations page of the intake screens. In the example shown above of this field, the person in question would NOT be included in this count.

The total number of individuals with multiple victimizations will be less than or equal to the total number of individuals who were served during the reporting period.

Question 6C Special Classifications

The count of individuals with Special Classifications is derived by counting the number of selections made in the multi-selection field “Special Classifications” for each case type of “Client” or “Associated Person” that received an attended service in the reporting period. Values for the “Special Classifications” field are mapped to SDR fields as shown in the table below. The total number of Special Classifications may be less than, equal to, or greater than the total number of individuals served during the reporting period.

VOCA Special Classifications	Special Classifications in Collaborate
Victims with Disabilities: Cognitive/Physical /Mental	Cognitive/Physical/Mental
Deaf/Hard of Hearing	Deaf/Hard of Hearing
Homeless	Homeless
Immigrants/Refugees/Asylum Seekers	Immigrants/Refugees/Asylum Seekers
LGBTQ	LGBTQ
Unmapped	None
Other	Other
Veterans	Veterans
Unmapped	Victims with Disabilities
Victims with Limited English Proficiency	Victims with Limited English Proficiency

The image below shows the values selected for a specific person’s “VOCA Special Classifications”. On the SDR, an additional count would be given each field value selected. Selecting “None” will result in no count being applied for this case.

VOCA

VOCA Special Classifications*

- None
- Cognitive/Physical/Mental
- Deaf/Hard of Hearing
- Homeless
- Immigrants/Refugees/Asylum Seekers
- LGBTQ
- Veterans
- Victims with Disabilities
- Victims with Limited English Proficiency
- Other

VOCA Special Classifications Details

Question 7 Victim Compensation Application Assistance

The number of individuals with case type of “Client” or “Associated Person” who were assisted with Victim Compensation Applications is determined by counting the number of cases where there is an attended “FA - Crime Victim’s Compensation” simple service that occurred in the reporting period’s date range. An image of the simple service is provided below. The person counts only one time for this question regardless of the number of times this particular service is recorded as attended in the reporting period. OVC/VOCA has acknowledged that this value may frequently be “0” for CACs.

Question 8 Service types provided by your organization

This question must be answered by each center. Your selections here determine whether the corresponding section of question 9 must be answered.

Question 9A Information and Referral

The number of individuals who received an Information and Referral service is derived from Collaborate by counting the number of cases with type “Client” or “Associated Person” where a qualifying simple or elaborate service was recorded as attended in the reporting range. See Appendix A for a list of services in Collaborate and their corresponding VOCA Service category.

Each individual who received such a service counts one time only regardless of the number of services recorded. As such, this number will not be greater than the total number of individuals served during the reporting period.

Subsections A1-A4 are a direct count of the number of times each service was provided. As such, the total number of services for these subsections may exceed the total number of individuals served.

For example, the total number reported for services falling into category “A4. Referral to other services, supports and resources” would be the total number of attended services recorded for the reporting period of one of the services in Collaborate that maps to the category A4 as shown above.

Question 9B Personal Advocacy/Accompaniment

The number of individuals who received a Personal Advocacy/Accompaniment service is derived from Collaborate by counting the number of cases with type “Client” or “Associated Person” where a qualifying simple or elaborate service was recorded as attended in the reporting range. See Appendix A for a list of services in Collaborate and their corresponding VOCA Service category.

Each individual who received such a service counts one time only regardless of the number of services recorded. As such, this number will not be greater than the total number of individuals served during the reporting period.

Subsections B1-B10 are a direct count of the number of times each service was provided. As such, the total number of services for these subsections may exceed the total number of individuals served.

For example, the total number reported for services falling into category “B4. Individual Advocacy” would be the total number of attended services recorded for the reporting period of one of the services in Collaborate that maps to the category B4 as shown above.

Question 9C Emotional Support or Safety Services

The number of individuals who received an Emotional Support or Safety Services service is derived from Collaborate by counting the number of cases with type “Client” or “Associated Person” where a qualifying simple or elaborate service was recorded as attended in the reporting range. See Appendix A for a list of services in Collaborate and their corresponding VOCA Service category.

Each individual who received such a service counts one time only regardless of the number of services recorded. As such, this number will not be greater than the total number of individuals served during the reporting period.

Subsections C1-C7 are a direct count of the number of times each service was provided. As such, the total number of services for these subsections may exceed the total number of individuals served.

For example, the total number reported for services falling into category “C4. Individual Counseling” would be the total number of attended services recorded for the reporting period of one of the services in Collaborate that maps to the category C4 as shown above.

Question 9D Sheltering/Housing Services

The number of individuals who received a Sheltering/Housing Services service is derived from Collaborate by counting the number of cases with type “Client” or “Associated Person” where a qualifying simple or elaborate service was recorded as attended in the reporting range. See Appendix A for a list of services in Collaborate and their corresponding VOCA Service category.

Each individual who received such a service counts one time only regardless of the number of services recorded. As such, this number will not be greater than the total number of individuals served during the reporting period.

Subsections D1-D3 are a direct count of the number of times each service was provided. As such, the total number of services for these subsections may exceed the total number of individuals served.

For example, the total number reported for services falling into category “D3. Relocation assistance” would be the total number of attended services recorded for the reporting period of one of the services in Collaborate that maps to the category D3 as shown above.

Question 9E Criminal Civil Justice System Assistance

The number of individuals who received a Criminal/Civil Justice System Assistance service is derived from Collaborate by counting the number of cases with type “Client” or “Associated Person” where a qualifying simple or elaborate service was

recorded as attended in the reporting range. See Appendix A for a list of services in Collaborate and their corresponding VOCA Service category.

Each individual who received such a service counts one time only regardless of the number of services recorded. As such, this number will not be greater than the total number of individuals served during the reporting period.

Subsections E1-E11 are a direct count of the number of times each service was provided. As such, the total number of services for these subsections may exceed the total number of individuals served.

For example, the total number reported for services falling into category “E3. Assistance with restitution” would be the total number of attended services recorded for the reporting period of one of the services in Collaborate that maps to the category D3 as shown above.

Question 10 Unmet Need

This question is not answerable via data from Collaborate. Each center needs to track the unmet need separately from the data in Collaborate.

Question 11 Organizational Survey

This question is a yes/no question that must be answered by the CAC. Only answer yes if you use surveys to collect data from clients and/or caregivers. Those centers that use OMS for caregiver surveys should respond “Yes” to this question.

If you reply “No” to this question, you may skip questions 12 and 13.

Question 12 Surveys distributed

The number of individuals to whom a survey was distributed is derived from Collaborate by counting the number of cases with type “Client” or “Associated Person” where one of the following services was recorded as attended in the reporting range:

FA - Distribute Survey: Follow Up Caregiver Survey

FA - Distribute Survey: Initial Visit Caregiver Survey

Each individual who received such a service counts one time only regardless of the number of survey distributions or types recorded.

Question 13 Surveys returned

The data to respond to this question must be tracked outside of Collaborate to account for the anonymous survey results that may have been obtained via Outcome Measurement Survey System (OMS) and/or other anonymous survey tools.

Question 14 Challenges Discussion

This question is an open response question and cannot be addressed via data from Collaborate.

Question 15 Service Provision Challenges

This question is an open response question and cannot be addressed via data from Collaborate.

Appendix 1

Below is a list of the VOCA service reporting categories and the Simple and Elaborate services that correspond to that service category. There may be multiple services in Collaborate that are aggregated into a single VOCA Services category.

VOCA Service Type	Collaborate Service
A1. Information about the criminal justice process	FA - Court Prep with Family
A1. Information about the criminal justice process	FA - Court Tour with Family
A1. Information about the criminal justice process	FA - Information About the Criminal Justice Process
A2. Information about victim rights, how to obtain notifications, etc.	FA - Information about Victim Rights, How to Obtain Notifications, etc.
A3. Referral to other victim service programs	FA - Referral to Other Victim Service Programs
A4. Referral to other services, supports, and resources	FA - Substance Abuse Services Accompaniment
A4. Referral to other services, supports, and resources	FA - Legal Aid or Other Legal Services Referral
A4. Referral to other services, supports, and resources	FA - Other Assistance with Referrals
A4. Referral to other services, supports, and resources	FA - Substance Abuse Services Referral
A4. Referral to other services, supports, and resources	FA - Support Group Referral
A4. Referral to other services, supports, and resources	Forensic Interview Referral
A4. Referral to other services, supports, and resources	Medical Referral
A4. Referral to other services, supports, and resources	Mental Health Referral
B1. Victim advocacy/accompaniment to emergency medical care	FA - Victim Advocacy/Accompaniment to Emergency Medical Care
B10. Interpreter services	FA - Interpreter Services
B2. Victim advocacy/accompaniment to medical forensic exam	FA - Assistance with Medical Exam Referral

B2. Victim advocacy/accompaniment to medical forensic exam	FA - Assistance with Medical Follow-Up Referral
B2. Victim advocacy/accompaniment to medical forensic exam	FA - Medical Follow-Up Accompaniment
B2. Victim advocacy/accompaniment to medical forensic exam	FA - Victim Advocacy/Accompaniment to Medical Forensic Exam (non-acute exams)
B3. Law enforcement interview advocacy/accompaniment	FA - LE Interview Advocacy/Accompaniment
B4: Individual Advocacy	FA - Link to Other Resources
B4: Individual Advocacy	FA - In Person Well Being Check
B4: Individual Advocacy	Case Consultation at CAC
B4: Individual Advocacy	FA - Advocacy Coordination and/or Case Review (with other advocacy providers)
B4. Individual advocacy	FA - Follow-up Call: Other
B4. Individual advocacy	FA - Assistance with Mental Health Referral for Caregiver
B4. Individual advocacy	FA - Assistance with Mental Health Referral for Client
B4. Individual advocacy	FA - Individual Advocacy (assistance in applying for public benefits, return of personal property or effects)
B4. Individual advocacy	FA - Mental Health Accompaniment for Caregiver
B4. Individual advocacy	FA - Mental Health Accompaniment for Client
B4. Individual advocacy	FA - Other Accompaniment to Services/Appointments
B4. Individual advocacy	FA - Other Advocacy (e.g. Domestic Violence)
B4. Individual advocacy	FA - Support Group Accompaniment
B4. Individual advocacy	FA - Food Stamps/WIC
B4. Individual advocacy	FA - Medical Card
B4. Individual advocacy	FA - Answering Questions about Case Status, Child Behavior, etc.
B4. Individual advocacy	FA - Attendance at Forensic Interview
B4. Individual advocacy	FA - Follow-up Call: Appointment Reminders
B4. Individual advocacy	FA - Follow-up Call: Family's Disposition on Case Progress
B4. Individual advocacy	FA - Follow-up Call: Family's Well-Being
B4. Individual advocacy	FA - Follow-up Call: Updates on Case Progress
B4. Individual advocacy	FA - Intake Paperwork
B4. Individual advocacy	FA - Needs Assessment for Caregiver

B4. Individual advocacy	FA - Needs Assessment for Child
B5. Performance of medical forensic exam or interview, or medical evidence collection	Forensic Interview
B5. Performance of medical forensic exam or interview, or medical evidence collection	Medical Exam
B7. Intervention with employer, creditor, landlord, or academic institution	FA - Child IEP or Other Education Assistance Accompaniment
B7. Intervention with employer, creditor, landlord, or academic institution	FA - Intervention with Employer, Creditor, Landlord, or Academic Institution
B8. Child or dependent care assistance	FA - Child or Dependent Care Assistance (provided by agency)
B9. Transportation assistance	FA - Transportation Assistance
C1. Crisis intervention	FA - Emotional Support or Safety Services: Crisis Intervention (in-person, includes safety planning, etc.)
C1. Crisis intervention	FA - Safety Planning
C2. Hotline/crisis line counseling	FA - Emotional Support or Safety Services: Hotline/Crisis Counseling
C3. On-scene crisis response	FA - Emotional Support or Safety Services: On-Scene Crisis Response (e.g., Community Crisis Response)
C4. Individual Counseling	Supportive Counseling
C5. Support groups	Support Group
C6. Other therapy	Clinical Evaluation
C6. Other therapy	Mental Health Completion
C6. Other therapy	Mental Health Orientation
C6. Other therapy	Mental Health Session/Progress Note
C6. Other therapy	Psychological Evaluation
C6. Other therapy	Treatment Plan
C7. Emergency financial assistance	FA - Emergency Financial Assistance (emergency loans, payment for items such as food, taxis, etc.)
Crime Compensation Assistance	FA - Crime Victim's Compensation
D1. Emergency shelter or safe house	FA - Shelter/Housing Services: Emergency Shelter or Safe House
D2. Transitional housing	FA - Shelter/Housing Services: Transitional Housing
D3. Relocation assistance	FA - Shelter/Housing Services: Relocation Assistance
E1. Notification of criminal justice events	FA - Notification of Criminal Justice Events (e.g., Case Status, Arrest, Court

	Proceedings, Case Disposition, Release, Etc.)
E10. Criminal Advocacy/Accompaniment	FA - Civil Court Assistance/Accompaniment
E10. Criminal advocacy/accompaniment	FA - Criminal Advocacy/Accompaniment
E11. Other legal advice and/or counsel	FA - Legal Aid or Other Legal Services Accompaniment
E11. Other legal advice and/or counsel	FA - Other Legal Advice and/or Counsel
E2. Victim impact statement assistance	FA - Victim Impact Statement Assistance
E3. Assistance with restitution	FA - Assistance with Restitution (Includes Assistance in Requesting and when Collection Efforts are Not Successful)
E4. Civil legal assistance in obtaining protection or restraining order	FA - Civil Legal Attorney Assistance in Obtaining Protection or Restraining Order
E4. Civil legal assistance in obtaining protection or restraining order	FA - Assistance with DVP or Other Court Docs
E5. Civil legal assistance with family law issues	FA - Civil Legal Attorney Assistance with Family Law Issues (e.g., Custody, Visitation, Support)
E6. Other emergency justice-related assistance	FA - Other Emergency Justice-Related Assistance
E7. Immigration assistance	FA - Immigration Attorney Assistance (e.g., Special Visas, Continued Presence Application, Other Immigration Relief)
E7. Immigration assistance	FA - Immigration Assistance (e.g., special visas, continued presence application, other immigration relief)
E8. Prosecution interview advocacy/accompaniment	FA - Prosecution Interview Advocacy/Accompaniment (Includes with Prosecuting Attorney and With Victim/Witness)
